

NATIONAL SEMINAR ON CYBER SECURITY AND SOVEREIGNTY

Discussing modern trends and diplomacy tactics in the cyberspace

**SYMBIOSIS LAW SCHOOL, HYDERABAD
CENTRE FOR SPECIALISATION IN CYBER LAW STUDIES**

9 APRIL 2022

A MESSAGE FROM THE CHIEF PATRON

I am delighted to announce that Symbiosis Law School, Hyderabad is organizing a National Seminar on Cyber Security and Sovereignty on 9 April 2022. With growing number

of communication devices, networks, IOT, applications and massive use of information, it has become an utmost necessary to focus on the modern trends and diplomacy tactics in cyberspace. We, as individuals as well as societies, cannot go unprotected. Cyber security is not simply a clear-cut technical issue. It is a strategic, political, and social phenomenon with all the accompanying messy nuances. Therefore, cyber reality must be examined with a scientific rigor by all disciplines, enabling an informed public debate. It is both morally essential and rationally effective for the responses to be formulated through a democratic process.

The conference adds more significance to the fact and affirms the same. I am confident that the deliberations during the conference would be beneficial to all the participants and it would provide them a platform for sharing knowledge about the recent trends and advances in these domains. It will give an opportunity to the faculty and students to interact personally with top-notch experts to understand how these new domains are playing important role in research and development. I congratulate the organizers for taking this initiative and extend my best wishes for a huge success of the Seminar.

ABOUT SYMBIOSIS LAW SCHOOL, HYDERABAD

The idea of “Symbiosis” is nurtured on the Vedic principles of “Vasudhaiva Kutumbakam” which means the 'World is One Family'. The Institute has always believed in nurturing the young minds to make them ready for a better tomorrow. Reliance has been placed on a student-centric philosophy which leads to innovation in teaching and learning, student affairs, academic programs, and health care.

Symbiosis Law School, Hyderabad (SLS-H) was established in the year 2014 and has now successfully blossomed into one of the premier law schools. It has been catering to the higher education of diverse group of students inheriting splendid novelty, dynamism, and excellence. Symbiosis Law School, Hyderabad is founded on pillars of expertise, justice, and service and is committed to impart quality legal education conforming to acclaimed International Standards.

ABOUT THE CENTRE FOR SPECIALISATION IN CYBER LAW STUDIES

The Centre for Specialisation in Cyber Law studies (CSCLS) is an in-house Centre established to focus on different aspects of cyber law through research, events and programmes. The Centre works with the aim of propagating the knowledge of rights and duties that a person needs to be aware of while navigating through the cyberspace.

The Centre for Specialisation in Cyber Law Studies makes it a point to provide the knowledge of cyber security not just to the students of law but to everyone possible in order to enable a future without despair caused by misuse of cyberspace.

ABOUT THE NATIONAL SEMINAR

Cybercrime is any criminal activity that involves a computer, networked device or a network used as a tool to commit an offense. Cybercriminals may use computer technology to access personal information, business trade secrets or use the internet for exploitative or malicious purposes. These crimes know no borders, either physical or virtual, cause serious harm and pose very real threats to victims worldwide. As technology progresses faster there is a need to discussing the modern trends and diplomacy tactics in cyberspace.

The new risks and threats are real, making cyber security necessary. We, as individuals as well as societies, cannot go on unprotected. Cyber security is not simply a clear-cut technical issue. It is a strategic, political, and social phenomenon with all the accompanying messy nuances. Therefore, cyber reality must be examined with a scientific rigour by all disciplines, enabling an informed public debate. It is both morally essential and rationally effective for the responses to be formulated through a democratic process.

The objective of the National Seminar is to discuss and deliberate on this major issue and to understand aspects and dynamics of the same. A book containing selected papers shall also be published.

The outcome of the National Seminar would facilitate the organizers, participants and other stakeholders to make legislative and policy interventions to bring about positive social and legal transformation. The National Seminar would also provide an excellent opportunity for the participants to put across their own views and exchange ideas in order to have a holistic understanding of the subject matter.

CALL FOR PAPERS

Well researched original papers and case studies are invited from academics and scholars, researchers and students of multi-disciplinary.

THEME: "CYBER SECURITY AND SOVEREIGNTY".
