ABOUT THE IMS RTI CLUB

Driven with a purpose to spread knowledge and information about the power we possess in our hands by virtue of the Right to Information Act, 2005, the IMS RTI Club was constituted in 2018 on October 13. Since its inception till date, the club has been striving hard to seek information which is not proactively disclosed by the public authorities. For achieving the most cherished ideal, it has filed more than 1000 RTI applications and 1st appeals and 2nd appeals if required. The RTI applications submitted by the club have reached a multitude of departments and ministries of the government, many of the replies received from the authorities have found their prestigious place in the national and local dailies.

Objectives of the club are:

- To spread awareness among the general public about their right to get information from public authorities;
- To share the acquired information among public for strengthening transparency in governance and much more.
- To promote accountability in administration
- To ensure the participation of the people for good governance.

Besides, the club organizes a multitude of national level seminars, webinars, conferences training sessions, workshops, competitions, panel discussions, and much more, which have provided a platform to the students and the professionals to gain more knowledge and insights on the existing and emerging issues and challenges of RTI than ever. Now, the club has desired to launch 15-day virtual Certificate Course on Right to Information.
