About 1st National Conference on the Constitutional Law

"The Constitution is the guide which I never will abandon."

– George Washington

The Legal Conference is a bar of Intelligence. The Legal Philosophical Ideologies are innovated and cultured by the discussion of Intelligence. We cordially announce that "1st National Conference on the Constitutional Law, 2022 is being organized by Institute of Legal Education. Dr. B.R. Ambedkar at the Constituent Assembly (November 1948) said that *"I am glad that the draft Constitution has ... adopted the individual as its unit"*. Indian Constitution is the Lengthiest in the world even proclaimed. It has checks and balances between Basic Structure and the Modern Society demands. Mahendra P. Singh Commented that *"Constitutions, as is famously said, are*

expected to endure into infinity. Anything, which is conceived to be infinite, must be constantly shaped up in order to keep pace with infinity. If we want our Constitution to survive forever it must remain in an ever - building process. That process is not automatic, it has to be engineered by us. Any laxity or wrong step on our part in this regard will falsify the proposition, at least in respect of our Constitution, that constitutions are made forever. Therefore, constantly strengthening the foundations of the Constitution we have to keep on building it upon them."The Constitutional Conference is a Celebration event to commemorate 75 years of Indian Independence and the glorious history of its people, Rights and Freedom by Institute of Legal Education.
