ABOUT

This course is a supplement for the main courses offered in Intellectual Property and Technology, Data Protection, Data Privacy, Information Technology that the students already engage with in the course of their respective degrees, at any level currently. It is ideal for a law student wishing to explore the nuances of tech law and build a career as a tech lawyer in both the Indian and international arenas as well as for budding tech enthusiasts looking to pursue a career as a tech lawyer, including but not limited to -

- Software companies & Public policy organizations
- Social Media corporation
- Esports companies & Online gaming companies
- Ed tech enterprises
- Influencer agencies
- OTT platforms & Production houses

This year's edition includes an additional chapter on "Disruptive technologies like ChatGPT, their data privacy and ethical implications + handbook for mindful use of AI tools" to bring everyone up to speed with the recent developments in tech.

17 July - 28 July 2023
